Governor Announces \$3.9 Million in Recycling and HHW Grants

On June 13, Gov. Steve Beshear announced 44 recycling and 17 household hazardous waste (HHW) grants to expand recycling, reduce the amount of solid waste going into landfills and sustain the environmental management of HHW.

The Kentucky Pride Fund is awarding \$3.9 million to the 61 grantees. The fund, administered by the Energy and Environment Cabinet's Division of Waste Management, receives a portion of the \$1.75 fee for each ton of municipal solid waste disposed of in Kentucky landfills.

As a sign of the continuing interest in growing recycling infrastructure in the Commonwealth, seven of the 44 recycling grant applications were from first-time applicants. Three of the 17 applicants vying for HHW grants were first-time applicants.

"Recycling and managing household hazardous waste plays a large part in Kentucky's efforts to go green and conserve energy statewide," said Gov. Beshear.

The grants require a 25 percent local match in the form of cash or "in kind" personnel, educational materials, educational activities and advertising to promote the program from the cities, counties or political subdivisions of the state receiving the awards.

A complete list of grant recipients can be viewed at <http://waste.ky.gov/RLA/recycling/Pages/recycling.aspx>.

Kentucky Groups Receive Grants for Environmental Projects

The Recycling and HHW Grants Committee each year receive many grant applications that total over

\$5 million in requests for the \$3 million in the Kentucky Pride Fund to distribute. While the majority of these requests are legitimate requests for equipment, advertising and education, some of these requests are ineligible for grant funds such as building expansions and composting.

The Recycling and Local Assistance Section provides counties and political subdivisions of the state with information regarding other grants that are available to them through other sources, and some of these sources have recently awarded Kentucky groups with funds for special projects. They are:

--Lowe's Charitable and Education Foundation Grants in association with KAB, which awarded \$20,000 to Keep Covington Beautiful to create and maintain Devou Backcountry Trails, \$5,000 to Bell County Day Treatment for a therapeutic garden, and \$5,000 to Keep Covington Beautiful for an educational garden.

--Coca-Cola/KAB Grants, which awarded Tri-County Recycling Alliance (Henderson, Webster, Union and McLean counties) 72 recycling bins.

--Wal-Mart Foundation Grants, which awarded Anderson County \$11,365 for recycling containers.

Creative Recycling Systems

The e-Scrap contract period for January 2009 through May 2012 brought the total pounds collected to 10,092,393 lbs. or 5,046 net tons. Reimbursements climbed to \$350,951.58, with charges of \$110,579.43. The net revenue to generators for the period was \$239,992.00.
